More and more sailors and powerboaters are buying and relying on electronic and electric devices aboard their boats, but few are aware of proper installation procedures or how to safely troubleshoot these devices if they go on the blink.

The aim of this book with its detailed step-by-step colour photographs and diagrams, is to enable every owner to fix their outboard motor with ease. Troubleshooting tables help diagnose potential problems, and there is advice on regular maintenance and winterising and repair. Jean-Luc Pallas's enthusiasm for passing on his knowledge, as well as his clear explanations, precise advice and step-by-step instructions make this a unique book.

In order to strive for a competitive advantage in their industry, organizations have begun achieving innovation through knowledge-driven learning models to ensure that organizational activities are efficient and effective. Learning Models for Innovation in Organizations: Examining Roles of Knowledge Transfer and Human Resources Management provides relevant theoretical frameworks and empirical research findings to enhance knowledge management and learning competencies for organizational activities. This book offers assistance and guidance to managers and professionals of innovation firms, learning organizations, and other work communities through tools, techniques, and strategic suggestions for improvement.

This text covers both basic science and clinical aspects of the cornea and associated external diseases. In this edition the editors have incorporated relevant basic science information into the clinical science chapters. It also contains an expanded surgery section - especially refractive surgery. Emphasis on the third edition is on clinical information (the basic science has been incorporated into the clinical chapters). The clinical section has been expanded by ten per cent to reflect changes in the field.

What the media said about the original weblog; Jane Perrone; The Guardian. " a one-man manifesto for the rehabilitation of the traffic warden in the public consciousness." Tim Worstall; The Independent "Bill Sticker gives us his mordant view of life from the kerbside. Idiot drivers, irate myopics... Like most of those who blog about their jobs he is not overly impressed with the current style of British management." The Click; Times Online "This Parking Enforcement Officer's story of life on the job is grim, funny and gripping." About this book; This is 'Walking the Streets - the book, not the blog'; better written, more informative, more sarcastic, funnier, and with plenty of never before published entries and handy hints.
