"Whosoever is dressed with the cloud of virtue is liberated from sufferings..." --Samael Aun Weor Scriptures like the Vedas and Genesis symbolically describe the laws of creation, the causes of universes, worlds, and all living beings. By knowing those laws and acting in harmony with them, one can originate a new creation within oneself: the birth of the superhuman, a feat described by Jesus as being "born again." In this book Samael Aun Weor explores this theme by reflecting on the mysteries of Egyptian writings, Tibetan Buddhism, Kabbalah and the Tree of Life, and the Stanzas of Dzyan, an ancient scripture first made public by H.P. Blavatsky in The Secret Doctrine. He also relates his personal experiences of meditation, vividly demonstrating that genuine spiritual development is a conscious experience. From all of this you will learn the exact science to achieve not only the Second Birth (the creation of the soul), but also liberation from suffering by eliminating its cause: our psychological defects."...there are degrees and degrees in everything, and different levels of being. Above us is a superior level of being, and below us an inferior level of being. We can pass into a superior level only by eliminating a certain quantity of undesirable psychic aggregates (defects), which we carry within our interior. Obviously, only in this way is it possible to reach the highest level of being in order to transform ourselves into superhumans." --Samael Aun Weor

In 1950, while discussing flying saucers with three other physicists at Los Alamos Scientific Laboratory, Enrico Fermi asked, "Where is everybody?" as if to say, if there is intelligent life elsewhere in the universe, why do we have no proof? For sixty years, scientists and the public have debated the answer to this question, yet none have considered what Samael Aun Weor explains in Cosmic Ships: "We are absolutely sure that the cannibals from Africa and the Amazon also felt very annoyed when they could not capture an explorer. Regarding concrete facts about flying saucers, people want to proceed like cannibals, however, it is clear that the crews of those cosmic ships-who know human savagery very well-are not willing to let themselves be ensnared, since they know very well the fortune that awaits them-that is, the intellectual-loafers would make them prisoners, the ships would be

seized and used for war, etc." Logical analysis of the facts demonstrates not only the existence of advanced humanities, but their presence on our planet. There are thousands of documented cases of unexplained ships, hundreds of cases of governments hiding what they know, and decades of an attempt to encourage the populace to discard the facts as fantasy or foolishness. Through stories from his own experience and analysis of well-known events, Samael Aun Weor shows that much of what we believe about extraterrestrials is false, based on fear, stubborn skepticism, and outright lies. He explains how easy it is for advanced humanities to hide from us, and why they must: because we are so consumed by psychological defects like pride, greed, and envy that we are a danger to ourselves and the universe. That is why they are here: to understand why we are such savages, and how to help us change for the better. It is time for us to stop trying to capture or destroy them, and welcome their assistance. * Based on clear logic, facts, and documented events * Shatters myths about UFOs and alien visitors * Grounded in both solid science and spiritual tradition

What happens when the Dalai Lama meets with leading physicists and a historian? This book is the carefully edited record of the fascinating discussions at a Mind and Life conference in which five leading physicists and a historian (David Finkelstein, George Greenstein, Piet Hut, Arthur Zajonc, Anton Zeilinger, and Tu Weiming) discussed with the Dalai Lama current thought in theoretical quantum physics, in the context of Buddhist philosophy. A contribution to the science-religion interface, and a useful explanation of our basic understanding of quantum reality, couched at a level that intelligent readers without a deep involvement in science can grasp. In the tradition of other popular books on resonances between modern quantum physics and Zen or Buddhist mystical traditions--notably *The Dancing Wu Li Masters* and *The Tao of Physics*, this book gives a clear and useful update of the genuine correspondences between these two rather disparate approaches to understanding the nature of reality.

The Three Mountains, *The Return to the Light Book 2* is the continuation of the First Book by the same author. The Journey takes us across the Second and Third Mountains that exists in a Parallel Dimension or Superior Dimensions. You will go through the Esoteric Tests, Trials and Tribulations that Master Samael Aun Weor went through himself, in his own lifetime, to reach Liberation. "With this Book, I complete The Map of the Path I started in my First Book. I added as much information as possible regarding the Path itself for the reader to get a clear picture of what to await at every stage! This book must be lived through if YOU are to reach The Absolute or Great Light..." Olivia P Cabral

For thousands of years, many have wondered at the tales of the mysterious force called the serpent power or the kundalini, yet the method to attain this power has been hidden, misunderstood, or sometimes, intentionally sabotaged. Now, like a refreshing spring breeze, Samael Aun Weor wipes away the dust and reveals the sacred mysteries of our most ancient and holy science. With a firm foundation in scripture and practical knowledge, the method to awaken and develop the root energy of life is made clear and accessible to all. It is no longer necessary to theorize or debate: through the practice of the techniques in this book, one can "know." 'You will find terrific secrets within this book, secrets that never in the history of life were published.' - Samael Aun Weor Includes an excerpt about sexual energy from the important Yoga scripture 'Siva Samhita.' Topics include: The Universal Fire; The Degrees of Power of the Fire; The Two Witnesses; The Yogic Matrimony; The Seven Chakras; The Chakra Muladhara; The Chakra Svadhishtana; The Chakra Manipura; The Chakra Anahata; The Chakra Vishuddha; The Chakra Ajna; The Chakra Sahasrara; The Seven Seals; Internal Meditation; and more.

In ancient times, the Gnostics sought for salvation through personal, experiential knowledge of the Divine. Their methods of self-reliance and their sublime knowledge profoundly impacted society, such that the dominant powers felt threatened and the tradition was forced to disappear from public view. Now, after centuries of obscurity, the Gnostics have re-emerged, still carrying their profound message of Gnosis: knowledge of self and the Divine. In a simple and elegant way, Samael Aun Weor explains the basic methodology for people in today's world to begin to approach the greater mysteries of the Gnostics. In this basic and practical guide, Samael Aun Weor offers a breadth of exercises guiding the reader to discover within themselves a wealth of insight and understanding. Gnosis, after all, is Greek for knowledge, and the seeker is told, "Know thyself, and thou shalt know the universe and its Gods." "A great author deduced that the human being needs eight important things in life: health and the conservation of life, nourishment, sleep, money and the things money can buy, life in the beyond, sexual satisfaction, the well-being of his children, and a sense of proper importance. We synthesize these eight things into three: 1. Health 2. Money 3. Love "If you really want to acquire these three things, you should study and practice everything that this course teaches you. We will show you the path of success." - Samael Aun Weor Includes the lecture "How to Make Light Within" and the pamphlet "Marriage, Divorce, and Tantra." Topics include: An Exercise to Control Your Anger; The Power of Thought; Mental Force; Concentration of the Mind; The Law of Karma; Favorable Circumstances; The Descent of Cosmic Vibration; Prana; The Names of the Tattvas; Properties of the Tattvas; Money; Clairvoyance; Alcoholism; Meditation and Intoxication; Osmotherapy; Mental Relaxation; Concentration; Meditation; Contemplation; The Universal Mind; Imagination and Will; Mental Action; Mental Epidemics; Mental Hygiene; Vegetarian Diet; Self-observation; Chatter; "I'sa in the Five Centers; Matrimony, Divorce, and Tantra; and more.
