Delphine and the Dangerous Arrangement eBook: Cameron ...
 Listen to Delphine and the Dangerous Arrangement Audiobook by Alicia Cameron, narrated by Rafe Beckley

My Lord Gascoigne,I wish to lay my bargain before you with all openness..Your duties, under the waters of this bargain, are to guide me through the dangerous waters of the Beau Monde. I trust my instincts, but it would be useless to suggest that I am experienced in the ways of the world. I can see at once that you are.I could see the trap of your rank, looks and charm at a glance, but I am quite safe - for I could never marry a man such as you."Delphine Delacroix has lived the life of bird in a gilded cage, kept in a stately home with only her cold, autocratic mother for company. At her mother's death, she finds herself to be a wealthy woman and comes to London, to be fretted over by her three maternal aunts - all determined to have her marry well. But Delphine feels she is once more having to hand herself over to another's will and seeks to be the mistress of her own destiny.But she recognises that she has none of the skills needed to steer herself through the shoals of fortune hunters that wish to marry her. Aware of her own naivety and not trusting her aunts, she recruits a rake to help her. Viscount Titus Gascoigne is her choice, and he agrees - but will their dangerous arrangement prosper? Or will it be discovered and prove scandalous?Alicia Cameron 'tells tales with the wit and charm of a bygone age.'Real people that you will fall in love with, laugh and cry with, and hate to leave when the book is finished.'The very definition of feel-good!

There was no doubt about it, Felicity Oldfield's grand London adventure had commenced. First, she had been abducted by a peer of the realm, released, then in less than a few hours she had arrived in London for the post of governess, been cast off without a sou, walked the streets of London alone, been pursued by a young gentleman, met a man of bad character who might have led her onto a path of ruination, saved by a rich and fashionable couple in their velvet-lined coach and was even now being taken to her mad Aunt Ellingham where she expected to be treated appallingly - maybe even sent to the kitchen to live a life of servitude. Like every heroine she had ever read about, Felicity had suffered...In this sparkling Regency romance, we follow the suddenly poor relation Felicity as she meets an unforgettable set of characters. Just when her good fortune seems assured, due to the kind acts of Lady Aurora and Mr Wilbert Fenton, an earlier adventure with the Viscount of Durant is given an evil twist by his cousin and her reputation is damaged. Even Felicity's indomitable spirit of cheerfulness and kindness is almost overset, but her new friends have plans to save her. The Viscount is at a loss to help her, being recently engaged to his dear friend Anne Clarence. But he falls under the spell of Felicity's bravery and kindness, and a tangle of feelings occurs that it seems impossible to resolve...Revisiting characters from Honoria and the Family Obligation by popular demand.Praise for Alicia Cameron's other romances....' a worthy successor to Georgette Heyer''Alicia Cameron is the real deal...'Sparkling as a glass of champagne...'No sex, only ladies and gentlemen falling head over heels in love in the most entertaining way....''Clean, witty and romantic. Just how I like my Regencies.'''I'd just read Jane Austen, then I read Delphine and the Dangerous Arrangement. I was struck by how well the mood and language of the time was caught.'''Can't wait for the next.' 'Inspirational!''The Queen of feel-good'

A SPY. AN AIRSHIP. AND A BROKEN HEART. After losing her husband to a rogue French agent, Charlotte Moncrieffe wants to make her mark in international espionage. And what could be better for recovering secret long-lost documents from the Palais Garnier than her stealth dirigible, Gossamer Wing? Her spymaster father has one condition: He won't send her to Paris without an ironclad cover. Dexter Hardison prefers inventing to politics, but his title as Makesmith Baron and his formidable skills make him an ideal husband-imposter for Charlotte. And the unorthodox undercover arrangement would help him in his own field of discovery. But from Charlotte and Dexter's marriage of convenience comes a distraction—a passion that complicates an increasingly dangerous mission. For Charlotte, however, the thought of losing Dexter also opens her heart to a thrilling new future of love and adventure.

Jere has been in Hojer for just over two years. He has been drawn into a political role, promoting a bill that could change the way that slaves are treated. At the same time, he is dealing with his own struggles with the political system, the people of Hojer, and trying to do the best thing for his slaves.

"An intriguing dark psychological thriller--truly brilliant!" --Lisa Jackson I have a gardener's inherent belief in the natural order of things. Soft?petalled flowers that go to seed. The resolute passage of the seasons. Swallows that fly thousands of miles to follow the eternal summer. Children who don't die before their parents. When Kate receives a phone call with news that Rosie Anderson is missing, she's stunned and disturbed. Rosie is eighteen, the same age as Kate's daughter, and a beautiful, quiet, and kind young woman. Though the locals are optimistic--girls like Rosie don't get into real trouble--Kate's sense of foreboding is confirmed when Rosie is found fatally beaten and stabbed. Who would kill the perfect daughter, from the perfect family? Yet the more Kate entwines herself with the Andersons--graceful mother Jo, renowned journalist father Neal, watchful younger sister Delphine--the more she is convinced that not everything is as it seems. Anonymous notes arrive, urging Kate to unravel the tangled threads of Rosie's life and death, though she has no idea where they will lead. Weaving flashbacks from Rosie's perspective into a tautly plotted narrative, The Bones of You is a gripping, haunting novel of sacrifices and lies, desperation and love. "Unusual and haunting." --Library Journal "Suspenseful and poignant." --Publishers Weekly "A compelling debut." --Woman and Home "A star in the making." --The Daily Mail

Adults are as lost as the children they should be protecting, as the lives of four people trapped in a conspiracy of silence hurtle toward a desperate and devastating act. Twelve-year-old Théo and his friend Mathis have a secret. Their teacher, Hélène, suspects something is not right with Théo and becomes obsessed with rescuing him, casting aside her professionalism to the point of no return. Cécile, mother of Mathis, discovers something horrifying on her husband's computer that makes her question whether she has ever truly known him. Respectable facades are peeled away as the lives of these four characters collide, moving rapidly toward a shocking conclusion. Delphine de Vigan has crafted a lean, darkly gripping, and compulsively readable novel about lies, loneliness, and loyalties.

The true story of a Yemeni child bride describes her forced marriage to an abusive husband three times her age, her pursuit of the marriage's dissolution, and the cultural factors that place girls at risk in Yemeni society.

As a mermaid versus human war looms on the horizon, Luce falls in love with her sworn enemy Dorian and assumes her rightful role as queen of the mermaids.

Life was never the same again after The Fall, especially for those born with certain gifts that set them apart from others. Gifts that doomed those like Wren to a life of slavery with no hope of escape or turned a man like Jere into an unwilling master. When a fiery tragedy brings Jere into Wren's life it becomes clear that this new master is like nobody else Wren has ever known. How does a slave protect himself from someone unpredictable? Can love really exist between master and slave, or will it destroy them both? (M/M)
