How to Calculate the Dividend Growth Rate The simplest way to calculate the DGR is to find the growth rates for the distributed dividends. Let ' s say that ABC Corp. paid its shareholders dividends of \$1.20 in year one and \$1.70 in year two. To determine the dividend ' s growth rate from year one to year two, we will use the following formula:

Do you want to improve your investment returns while taking less risk? In Dividend Growth Machine, investment professional Nathan Winklepleck will show you what makes dividend growth investing such a powerful investment strategy. What You Will Learn Through easy-to-understand examples and practical tips, Nathan will show you how anyone can achieve financial independence and investment success through dividend investing. In these pages, you'll discover: - Why traditional investment strategies fail. - The most dangerous investment strategy out there right now (and how to avoid it). - How to dramatically improve your investment results while taking less risk. - How to outperform most "passive index" strategies. - How to practically guarantee a positive investment return over the long-term. - Why dividends are the safest, most consistent, and common sense way to build wealth. - What dividends are and where they come from. How dividends can replace your paycheck in retirement. Who Should Read It This book is for anyone who wants to build wealth and improve their investment returns. It's not complicated. There are no fancy formulas or Wall Street mumbo jumbo. - Beginning investors who just want to better understand how to make money investing in stocks. - Experienced investors who have

Read Online Dividend Growth Machine How To Supercharge Your Investment Returns With Dividend Stocks Dividend Investing

been burned by other investment strategies. - Anyone who is afraid to lose money investing in the stock market. - Those nearing retirement who wants to generate passive, consistent, and growing income. - Retired people who are tired of getting 1% returns in their checking accounts and 3% (or less) from bond funds. - Anyone considering buying an annuity. Who Should NOT Read It - Those looking for "get-rich-quick" investing strategies. This strategy is about consistently and predictably growing your wealth over long time periods (20+ years). - This book is targeted to people with little-to-no experience with dividend investing or investing in general. If you have a lot of experience with dividend investing, there probably isn't much here for you. - Annuity salespeople. If you want to sell an annuity, don't read this book. And definitely don't let your potential victims (errr... "clients") read it. Testimonials "The book is well written and understandable for anyone with even minimal investing experience." -JCS "One of the best books on dividend growth investing. I wish I had known about this 10 years ago as I compared my tax-free bonds versus dividend growth investing would have doubled my portfolio if I had followed his books advice." -David "An investment strategy that makes sense. The book is short and to the point. Reading it will be time well spent." "I'm already employing the strategy in my own investments, but this book gave me a lot of confidence that I'm absolutely doing the right thing. It is short, but there's every bit as much content as a much longer book." What Are You Waiting For? If you want to improve your investment returns, spend less time worrying about your money, and strive for complete financial independence - this book is for you!

Are you looking to earn a passive income, getting paid month after month from dividend stocks, but you have no idea how to go about doing it yourself? Are you ready to start finally building wealth for your family? If you're a beginner to dividend investing and have no idea how to begin, this book is the answer

2016 Book of the Year award winner by the Institute for Financial Literacy "Set it and forget it" investing, with less risk and higher returns Get Rich with Dividends is the bestselling dividend-investing book that shows investors how to achieve double-digit returns using a time-tested conservative strategy.

Read Online Dividend Growth Machine How To Supercharge Your Investment Returns With Dividend Stocks Dividend Investing

Written by a nineteen-year veteran of the equity markets, this invaluable guide shows you how to set up your investments for minimal maintenance and higher returns, so you can accumulate wealth while you focus on the things that matter. Using the author's proprietary 10-11-12 system, you'll learn how to generate the income you need on a quarterly or even monthly basis. You'll discover the keys to identifying stocks that will return twelve percent or more every year, and how to structure your investments for greater security and financial well being. This method is so easy to use, you'll want to teach it to your children early to set them up for financial independence and help them avoid the problems that plagued many investors over the past decade. Dividends are responsible for 44 percent of the S&P 500's returns over the last eighty years. They represent an excellent opportunity today, especially for investors who have been burned in recent meltdowns and are desperate for sensible and less risky ways to make their money grow. This book describes a framework that allows investors to reap higher returns with a low-to-no maintenance plan. Set up an investment system that requires little to no maintenance Achieve double-digit average annualized returns over the long term Focus on other things while your money works for you Increase returns even with below-average growth in share price Market risk is high and interest rates are low, making it a perfect time to get started on a more sensible wealth generation strategy. With expert guidance toward finding and investing in these unique but conservative and proven stocks, *Get Rich with Dividends* is the only book on dividend investing you'll ever need.

Describes how to pick a group of stocks of highly steady, moderate growth companies that offer consistent returns at a minimal risk

Both the tech bubble burst of 2000, and the financial crisis of 2008, poked significant holes in the

Read Online Dividend Growth Machine How To Supercharge Your Investment Returns With Dividend Stocks Dividend Investing

primary investment belief of too many investors today—that one can just blindly withdraw from principal, and that equity returns will keep up. Too many investment advisors have taken the path of least resistance, not aware of the risk in systematically withdrawing from what, at times, will be a declining portfolio. Investors seeking to accumulate money for their future needs, and investors needing to withdraw money now for a present need, both have one thing in common: Dividend Growth investing represents a powerful weapon in the achievement of their objectives. Market volatility is not something any investor can escape, but benefitting from it (for accumulators reinvesting dividends), and being insulated from it (for withdrawers taking only from a growing flow of dividend income), are achievable results for those who understand the time-tested, sustainable, intelligent strategy of investing that is Dividend Growth.

Many people believe that the key to success in the stock market is buying low and selling high. But how many investors have the time, talent, and luck to earn consistent returns this way? In *The Ultimate Dividend Playbook: Income, Insight, and Independence for Today's Investor*, Josh Peters, editor of the monthly Morningstar DividendInvestor newsletter, shows you why you don't have to try to beat the market and how you can use dividends to capture the income and growth you seek.

By discussing and evaluating different investment strategies such as stocks, bonds, and mutual funds, an informative guide shows how DGIS (Dividend Growth Investment Strategy), which maximizes growth and produces income that doubles every five years, is a much better investment tactic, and includes research suggestions and materials, charts, and tables.
