First comprehensive uncensored collection of homosexual Greek myths in 2000 years. Lucian's Different Loves, an unabashed debate on gay vs. straight love, frames richly illustrated stories of Hercules, Orpheus, Narcissus, others. Presents positive and negative aspects of Greek male love within historical/cultural context. Carefully documented, suitable for classes in gender studies / history / religion. Notes, bibliography, glossary, map. Study guide forthcoming.

To the Greeks, their gods and heroes were the encounter with the divine as well as true history. By means of myths, the Greeks stamped with authenticity their names, their land, their customs, their very existence. Thus the myths remain an open window through which we can look upon our forefathers and the ways they imagined themselves. Their stories reflect a nuanced morality that integrated same-sex love with spiritual teachings. By turn heroic, cautionary or shamanic, they always maintain the dignified cadence of ancient epic. The myths proclaim that self-indulgence, betrayal and violence are to be despised, and that love is the highest good.

An introduction to the gods and goddesses of ancient Greece.

Greek Mythology is the body of myths and teachings that belong to the ancient Greeks, concerning their gods and heroes, the nature of the world, and the origins and significance of their own cult and ritual practices. It was a part of the religion in ancient Greece. The Greeks were polytheistic in their religious beliefs. Polytheistic means they believed in and worshiped many different gods. Modern scholars refer to and study the myths in an attempt to shed light on the religious and political institutions of Ancient Greece and its civilization, and to gain understanding of the nature of myth-making itself. In Greek Mythology, the gods often represented different forms of nature. Their religion/mythology had no formal structure with the exception of various festivals held in honor of the gods. There was no sacred book or code of conduct to live by. The most powerful Greek gods were known as the Olympians. The Greeks believed the Olympians lived on the highest mountain in Greece, Mount Olympus. The Olympian gods included: Zeus, Hera, Apollo, Aphrodite, Ares, Artemis, Athena, Demeter, Hades, Hermes, Hephaestus, Poseidon and Hestia or later she was replaced in some lists by Dionysus. Greek Mythology is explicitly embodied in a large collection of narratives, and implicitly in Greek representational arts, such as vase-paintings and votive gifts. Greek myth attempts to explain the origins of the world, and details the lives and adventures of a wide variety of gods, goddesses, heroes, heroines and mythological creatures. These accounts initially were disseminated in an oral-poetic tradition; today the Greek myths are known primarily from Greek literature. The oldest known Greek literary sources, Homer's epic poems Iliad and Odyssey, focus on the Trojan War and its aftermath. The first anthology to present the entire range of ancient Greek and Roman stories—from myths and fairy tales to jokes Captured centaurs and satyrs, incompetent seers, people who suddenly change sex, a woman who remembers too much, a man who cannot laugh—these are just some of the colorful characters who feature in the unforgettable stories that ancient Greeks and Romans told in their daily lives. Together they created an incredibly rich body of popular oral stories that include, but range well beyond, mythology—from heroic legends, fairy tales, and fables to ghost stories, urban legends, and jokes. This unique anthology presents the largest collection of these tales ever assembled. Featuring nearly four hundred stories in authoritative and highly readable translations, this is the first book to offer a representative selection of the entire range of traditional classical storytelling. Complete with beautiful illustrations, this one-of-a-kind anthology will delight general readers as well as students of classics, fairy tales, and folklore.

A unique retelling of Greek mythological tales featuring love, betrayal, murder and ruthless ambitions—for fans of George R. R. Martin's *Game of Thrones*. Discover six classic Greek myths in this exciting retelling that paints both famous and lesser-known characters in a whole new light. Follow the likes of Odysseus, Lamia, Bellerophon, Icarus, Medusa and Artemis as their fates are revealed through bloody trials, gut-wrenching betrayals, sinister motives and broken hearts. With an accessible writing style that delves into the thoughts, feelings, desires, and motivations of every character, these mythical figures and their compelling stories will resonate with readers as they are guided through perilous and tragic adventures. *Greek Mythology Explained* provides an in-depth analysis of each story told as it unravels the greater themes and valuable lessons hidden within each chapter. Inside these pages, you'll . . . Sail with Odysseus as he navigates through the straits of Messina with a terrifying monster on each side, intent only on killing him and his crew. Witness Lamia's world turned upside down as she loses her kingdom, her children and her humanity. Journey with Bellerophon as he battles the Chimera and becomes the hero that he was destined to be. Take flight with Icarus and Daedalus as they escape their confinement and the Cretan navy. Follow Medusa as she loses faith in the gods and becomes the monster she so adamantly wished to protect her people from. Experience the love between Artemis and Orion, as well as the bitter jealousy it spawns at the core of her brother Apollo.

Finally sort out who's who in Greek mythology—from gods, goddesses, heroes, monsters, and everyone in between! Greek mythology continues to appear in popular movies and books today but have you ever wondered about where these characters started out? Discover the origins of your favorite characters from Greek mythology with this collection of profiles to tell you who's who in classical lore! In *Greek Mythology*, you will discover the backstories of the heroes, villains, gods, and goddesses that enjoy popularity in today's shows and films. With comprehensive entries that outline each character's name, roles, related symbols, and foundational myths, you can get to know the roots of these personas and better understand the stories they inspire today. With this character-focused, handy reference, you will never be confused about Ancient Greece!

An introduction to Greek Myths with LGBT themes, *MYTHOS: Queer Legends of Greek Gods and Heroes* is a concise, easy to read and lavishly illustrated book featuring stories of male lovers in Greek mythology. Through narrative and more than 50 original full-color illustrations, *MYTHOS* explores time honored tales of gods and heroes with homoerotic themes. Some myths are well-known, such as Zeus and Ganymede and Apollo and Hyacinthus. More obscure myths include the many lovers of Heracles, and the love story of Theseus and Pirithous. Also profiled are the loves of Adonis, Hermes, Pan, Dionysus, Orpheus and many others. *MYTHOS* is Book II in the *Written in Stone* series; a collection of illustrated books celebrating the lives of LGBT people in history. Like *The CUPBEARERS* (Book I), *MYTHOS* is a focused segment of a much broader topic. The *Written in Stone* mission helps make this information mainstream through a series of short illustrated books. Also by this author *The Cupbearers: The Male Favorite in Antiquity*.

Amazons—fierce warrior women dwelling on the fringes of the known world—were the mythic archenemies of the ancient Greeks. Heracles and Achilles displayed their valor in duels with Amazon queens, and the Athenians reveled in their victory over a powerful Amazon army. In historical times, Cyrus of Persia, Alexander the Great, and the Roman general Pompey tangled with Amazons. But just who were these bold barbarian archers on horseback who gloried in fighting, hunting, and sexual freedom? Were Amazons real? In this deeply researched, wide-ranging, and lavishly illustrated book, National Book Award finalist Adrienne Mayor presents the Amazons as they have never been seen before. This is the first comprehensive account of warrior women in myth and history across the ancient world, from the Mediterranean Sea to the Great Wall of China. Mayor tells how amazing new archaeological discoveries of battle-scarred female skeletons buried with their weapons prove that women warriors were not merely figments of the Greek imagination. Combining classical myth and art, nomad traditions, and scientific archaeology, she reveals intimate, surprising details and original insights about the lives and legends of the women known as Amazons. Provocatively arguing that a timeless search for a balance between the sexes explains the allure of the Amazons, Mayor reminds us that there were as many Amazon love stories as there were war stories. The Greeks were not the only people enchanted by Amazons—Mayor shows that warlike women of nomadic cultures inspired exciting tales in ancient Egypt, Persia, India, Central Asia, and China. Driven by a detective's curiosity, Mayor unearths long-buried evidence and sifts fact from fiction to show how flesh-and-blood women of the Eurasian steppes were mythologized as Amazons, the equals of men. The result is likely to become a classic.
