This is a maintenance and repair manual for the DIY mechanic. The book covers the Mitsubishi Pajero, 1997-2009 models.

The Mitsubishi Pajero was first launched in 1983, creating a new class of 4x4, smaller and more affordable than the Range Rover. Renamed Shogun for the UK market, and Montero for Spain and the Americas, this rugged, yet refined, off-roader rapidly became Mitsubishi's best-selling export product. In the 22 years since its introduction, the Shogun's popularity has gone from strength to strength, and in the UK grey imports of Pajeros now outnumber official Shoguns, while the Shogun brand has expanded to include the Shogun Sport and the Shogun Pinin. This fascinating book is essential reading for all Shogun owners and enthusiasts.

Managing Complexity in Organizations is a lively new text written by academics from one of the world's leading business schools. Using a series of global case studies from a variety of industries, the authors outline their frameworks for understanding and managing complexity. The book examines the role of complexity theory in organizations and the importance of flexibility in decision-making. Managing Complexity in Organizations goes on to discuss how flexibility allows for improved, quicker responses to ongoing change - a necessity in today's unpredictable business environment. The authors present four key drivers of complexity: diversity, interdependence, ambiguity, and fast flux, thereby providing the reader with an effective and thorough understanding of how businesses can successfully adapt and respond to constant change. Applying complexity theory to business organizations, Managing Complexity in Organizations: Text and Cases is an essential companion for MBA, EMBA and executive education programs. CHRISTOPH NEDOPIL is Managing Director of YOUSE, an innovation consultancy in Berlin, Germany, and Consultant for the World Bank ULRICH STEGER is Professor of Environmental Management at IMD, Lausanne, Switzerland WOLFGANG AMANN is the Executive Director of Executive Education and faculty at the Goethe Business School, Frankfurt, Germany.

Being a gearhead matters. Much as we love reading about the latest hypercar or money-no-object custom project, we believe vehicles owned - and loved - by gearheads like us are just as meaningful, if not moreso. Our readers are self-made. We buy vehicles for specific reasons and we learn how to maintain, modify, and repair them ourselves. (With a little help from our friends, of course!) Everyone you meet in an issue of Gearbox Magazine is cool. If you spotted them in a parking lot, you could walk right up to them and strike up a conversation. And chances are you might end up lifelong friends. We're not looking to get rich and forget our roots. We're trying to make a few bucks so we can spend more time helping gearheads build high performance machines & lives. This issue isn't perfect, but neither are our daily drivers. We hope you'll grab a copy and tell a couple friends about us. Thanks for checking us out. GBXM-united. Better living through busted knuckles.

Written for the do-it-yourselfer, good enough for the pro. Includes everything you wish to know about your vehicles heating and air conditioning. From simple adjustments, to complete tune-ups and troubleshooting.
