For 2009, Onkyo has sent its receivers under the knife. And it's just dropped its prices, cutting the TX-SR607 by £ 100 to £ 400. The '607 looks tidier and more refined than last year's models. There's a neater arrangement of buttons, and a wider display gives this brute a more inviting appearance.

I purchased this Onkyo receiver for several reasons. 1) my 10 yr old Sony ES receiver died (over a \$1000 ten years ago) 2) been told Onkyo makes good receivers. 3) the feature set 4) the price I read every review I could about this receiver, and comparable ones from Denon, Yamaha, Pioneer and Sony. It came down to the Onkyo and Pioneer.
