and history, from the long-forgotten past to the bustling present. As his characters struggle for survival, Michener weaves together the exciting high points of Alaska's story: its brutal origins; the American acquisition; the gold rush; the tremendous growth and exploitation of the salmon industry; the arduous construction of the Alcan Highway, undertaken to defend the territory during World War II. A spellbinding portrait of a human community fighting to establish its place in the world, Alaska traces a bold and majestic saga of the enduring spirit of a land and its people. BONUS: This edition includes an excerpt from James A. Michener's Hawaii. Praise for Alaska "Few will escape the allure

**Paura** of the land and people [Michener] describes. . . . Alaska takes the reader on a journey through one of the bleakest, richest, most foreboding, and highly inviting territories in our Republic, if not the world. . . . The characters that Michener creates are bigger than life."—Los Angeles Times Book Review "Always the master of exhaustive historical research, Michener tracks the settling of Alaska [in] vividly detailed scenes and well-developed characters."—Boston Herald "Michener is still, sentence for sentence, writing's fastest attention grabber."—The New York Times

Dr Hamer is a highly controversial figure: his patients love him, yet

**Paura** other doctors want to block him, and meanwhile he gathers acknowledgements, but at the same time he is put on trial as well. Many believe that most of the opposition against him is because his theories -- and above all his long list of patients who have been healed -- go completely against established medicine... How can it be that diseases like cancer can simply be an attempt of the brain to fix (which means to heal) some emotional traumas? And that identifying such traumas and solving them can equate to healing the body? This is the only book available in Italy which is really up-to-date and comprehensive, very clear and supported by some brilliant

**Carter** and Dejah Thoris, living in quiet seclusion on a desert moon, in perpetual mourning for their lost son. How could they be Mars' last hope? Introducing a John Carter story like you've never seen before, from co-writers Brian Wood (Star Wars, DMZ, Northlanders) and Alex Cox (Adventure Time), joined by artist Hayden Sherman (Civil War II: Kingpin). Reviews: "Hayden Sherman does a great job... It is primitive and powerful. Each panel looks dangerous, like you could be sliced to ribbons by the cliff faces." - Comic Crusaders "It never occurred to me that John Carter and Batman would have much in common, but I hadn't read John Carter: The End yet." - Slack Jaw Punks "A perfect

Prophecies. He describes how Delphi became a contested sacred site for Greeks and Romans and a storehouse for the treasures of rival city-states and foreign kings. He also examines the eventual decline of the site and how its meaning and importance have continued to be reshaped right up to the present. Finally, for the modern visitor to Delphi, he includes a brief guide that highlights key things to see and little-known treasures. --From publisher description.

Classification, she pushes back the limits of the known worlds to allow us to dive into an unknown world. What is hiding behind these faces with often tragic or guilt-generating situations? That is what we will discover behind the life stories of these beings who underwent extreme circumstances. This is not about indicting or glorifying anyone, or anything, but simply about uncovering a different and less-known facet of LIFE.

What happens on and after December 21, 2012? There has been much confusion and many predictions based on the Mayan calendar. Some people think time on Earth will end, but what if there was an intact and complete

Resource from the ancestors that will give us the wisdom we need for the shift and an understanding of the coming era? In "2012-2021: The Dawn of the Sixth Sun," Sergio Magana (Ocelocoyotl), mystic and teacher of the ancient Toltec/Aztec lineage of Mesoamerica, discloses an in-depth understanding from a rich and uninterrupted oral tradition, the meaning of the shift from the Fifth to the Sixth Sun, the possibilities presented to humanity at this time, and ancient teachings and practices designed to support this shift. The Toltecs knew how to interpret the mathematical or universal order that governs all of existence by measuring and observing cycles of time, and the impact they had

On the Earth, human consciousness, and perception.

Outside of our dimensions of space and time, there are beings that live intensely. Their world is exciting yet peaceful, and may provide a model for the future of the Earth. Anne Givaudan, known for her out of body experiences and explorations of other worlds gives us in this book a rare look at what life is like on other inhabited worlds. This book takes us on her extraordinary journey to the inhabited planet of Venus and the hidden face of the moon, where she learns firsthand about other galactic civilizations. Through a pleasant, surprising and unusual read, we will realize there are other ways to approach Life and
