Haynes has discovered all the problems that motorcycle owners could possibly encounter when rebuilding or repairing their bikes. Documenting the most common DIY fixes with hundreds of illustrations and step-by-step instructions, this compendium of repair, modification and troubleshooting advice is applicable to all domestic and import marques.

With fuel costs and parking charges it's no wonder the consumer is looking for less expensive forms of travel. This book is aimed at the rider who wants to do his or her own basic scooter maintenance and servicing without the need for in-depth mechanical knowledge, or a technical manual. It covers areas such as oil, brakes, tyres, transmission, electrics, etc., allowing the owner to address the most regularly serviced items without forking out for additional costs. Illustrated with full colour photographs throughout, and featuring clear, easy-to-follow instructions, this book is a must-have for scooter users.

Alan Seeley. Following on from the success of The Motorcycle Book, this extensively illustrated, all-color book provides comprehensive reference for all scooter owners and enthusiasts. From traditional to sports, through big-wheel and Super, all aspects of buying, riding, maintaining and tuning a scooter are included. Whether a beginner or experienced rider, the reader will find all the information they need to get on the road and stay on the road safely. There are detailed sections on how a scooter works and how to keep it running, with extensive maintenance and trouble-shooting chapters.

The Volkswagen Jetta, Golf, GTI: 1993-1999 Cabrio: 1995-2002 Service Manual is a comprehensive and up-to-date source of maintenance and repair information for Volkswagen "A3" platform models sold in the USA and Canada. Engines covered in this Volkswagen repair manual: * 1.8L turbo gasoline (code ACC) * 1.9L diesel (codes AAZ, 1Z, AHU) * 2.0L gasoline(code ABA) * 2.8L gasoline (code AAA) Transmissions covered in this Volkswagen repair manual (removal, installation and external service): * 020 and 021 5-speed transmission * 096 and 01M 4-speed automatic

The Great Ride of China is the story of Buck Perley and Amy Mathieson's 21,000-mile, record-breaking trip around one of the world's oldest and most diverse countries. Follow them on a journey that takes them through grass plains, sand storms, 20-mile traffic jams in the center of coal country, and to the Rooftop of the World in the Himalayas.

This is a unique book, useful to all Lambretta owners and riders who mean to understand the evolution of the famous Innocenti scooter down to the smallest detail. After having digested all the technical information supplied by the concessionaires of the period, and having created thousands of illustrations showing all the versions produced by Innocenti between 1947 and 1971 piece by piece, the author has brought to life a guide that shows even the smallest modification carried out over the years on the various models that have appeared in the marketplace.

In over sixty years since the first scooters rolled off the production line, never has there been a more comprehensive book about the modern scooter scene and all its diversities.

Real people, real transformations! "Absolutely amazing! It completely shifts your paradigm for life. One of the most wonderful things about it is that the results are immediate. My whole perception and relationship to money has undergone a major, substantial change." —Chris Atwood, writer and teacher, California "I've spent most of my life trying to figure out what's true and what's real. I have to say I now have a clear glimpse into what it really is." —Tom Hill, Colorado "Before Busting Loose from The Money Game, I was very unhappy and frustrated in my life. I was driven to find more ways to make money. I changed jobs, cities, countries, went back to school, read books. Financially, the stress was causing anxiety attacks and migraines so severe I stayed in bed. The joy I feel now is priceless. Money is there when I need it, in the amount that's needed, no matter what occurs (car repairs, unplanned trips, etc.). It's absolutely amazing!" —Suresh Thakoor, Texas "As a retired professor on a fixed and limited income, I always lived from a tight budget and felt compressed by it—especially at the end of the year. I don't use a budget anymore and have opened up new streams of income that were always closed to me in the past." —Howard Rovics, Connecticut "It opened a whole new dimension for me and shifted my perspective on life completely. I especially love how practical it is. The application is so simple, so effective . . . and fun!" —Doris Kahle, Hagen, Germany "I'd had a lot of success in the corporate arena, made a ridiculous amount of money and lost a ridiculous amount of money. But I was caught in a cycle of making it, losing it. I needed to break that cycle-for myself and my family-and this gave me the keys to do that. Busting Loose from The Money Game opened a window I had no clue even existed. This is very cutting-edge, a revolutionary approach to unwrapping yourself from limitations. If you're not satisfied with where you are financially and you're concerned about your future, get this book!" —Ben Coleman, Texas

The 2-stroke Vespa is a style icon – an undoubted classic, and an immediately recognized symbol of its native Italy. Demand for these stylish scooters is booming, and interest in restoring and renovating them is at an all-time high. With its clear and concise text aided by extensively captioned full color photographs, this practical book guides the DIY enthusiast through all the stages of restoring a classic 2-stroke Vespa, taking it from a rusty unroadworthy wreck back to its factory fresh, former glory. It shows how to assess wear in all mechanical components, then assists in deciding the best and most cost effective method to renovate or repair. Both large and small frame power units are covered in detail, giving the reader confidence to carry out their own repairs to a high standard, which is both satisfying and cost effective. Brakes, suspension, electrical systems and brightwork are all addressed, from changing a bulb to welding in a new floor pan. An essential reference for all Vespa enthusiasts.

Martin Luther's amazing courage and intellect come to life against the backdrop of paintings by Lucas Cranach the Elder, possibly the greatest artist of the European Reformation. This is the second volume in Bayeux's series entitled STORIES BEHIND THE ART.
