By the 1950s, Switzerland had developed a distinct graphic language and a unique style of graphic design. This book gives an account of this period in graphic design history, setting the stylistic developments into the social & cultural context of the times.

By the 1950s, Switzerland had developed a distinct graphic language and a unique style of graphic design. This book gives an account of this period in graphic design history, setting the stylistic developments into the social & cultural context of the times.

100 Years of Swiss Graphic Design takes a fresh look at Swiss typography and photo-graphics, posters, corporate image design, book design, journalism and typefaces over the past hundred years. With illuminating essays by prominent experts in the field and captivating illustrations, this book, designed by the Zurich studio NORM, presents the diversity of contemporary visual design while also tracing the fine lines of tradition that connect the work of different periods. The changes in generations and paradigms as manifested in their different visual languages and convictions are organized along a timeline as well as by theme. The various fields of endeavor and media are described, along with how they relate to advertising, art, and politics. Graphic design from Switzerland reflects both international trends and local concerns. High conceptual and formal quality, irony and wit are its constant companions. A new, comprehensive reference work on Swiss design.

From the man who brought you the layout of John Berger's 'Ways of Seeing' comes a comprehensive selection of writings covering over 40 years of reflection on graphic design history, from interviews, essays, letters and articles to lectures and course outlines. Designed by Richard Hollis himself and densely illustrated with over 500 thumbnail images, 'About Graphic Design' charts the insatiable curiosity and methodological rigour of the renowned graphic designer, graphic design theorist and historian.

"Fine art for font nerds."—New York Magazine "One of the most engaging homages I have ever seen."—Steven Heller Swissart takes rock concert posters of the '70s, '80s, and '90s and remixes and reimagines them through a Swiss modernist lens. The result is some of the coolest images you've ever seen! The book features 200 posters, all microperforated and ready to frame. Or keep them bound in one collection as an art book. The foreword is written by legendary designer Steven Heller. Posters are from legendary indie, alternative, and punk bands such as Jane's Addiction, Blondie, the Beastie Boys, the Clash, the Pixies, Green Day, the Ramones, Devo, the Sex Pistols, Dead Kennedys, Public Image Ltd., Sonic Youth, the Cure, Red Hot Chili Peppers, Hüsker Dü, Danzig, the Replacements, Fugazi, the Lemonheads, Pearl Jam, Pavement, Superchunk, They Might Be Giants, Guided by Voices, Sugar, Sleater Kinney, Violent Femmes, Iggy Pop, Fishbone, Nirvana, and many, many more!

With the international take-up of new technology in the 1990s, designers and typographers reassessed their roles and jettisoned existing rules in an explosion of creativity in graphic design. This book tells that story in detail, defining and illustrating key developments and themes from 1980-2000.

"Probably the most important work on typography and graphic design in the twentieth century."—Carl Zahn, The Museum of Fine Arts, Boston

Designed in 1957, the Helvetica font is an icon of Swiss graphic design, which was a model of sober, functional communication throughout the world in the 1950s & 60s. This text retraces Helvetica's 50-year history, compares it to the well-known sans serif fonts of the 20th century, & examines the phenomenon of its unparalleled spread.
