The popular perception of the tarot is as a tool for fortune-telling, but this book introduces it as a vehicle for initiation, the true function of all mystery traditions. It involves readers in a process of personal transformation in which the tarot trumps are related to the tree of life to provide a classic initiatory structure. The keys to initiation are themselves presented through a series of integrated intellectual intuitive tasks, culminating in an extended meditation on the tarot trumps. The book also includes some private anecdotes which illustrate how the trumps come to life within the psyche.
