China Reform And Reaction Guided

China: Reform and Reaction SETTING THE STAGEThe trend toward democracy around the world also affected China to a limited degree. A political reform movement arose in the late 1980s. It built on economic reforms begun earlier in the decade. However, although the leadership of the Communist Party in China generally supported

China: Reform and Reaction

The decade of the 1980s began in China with great expectations of the societal benefits of modernisation, and ended with gunfire in Tiananmen Square. This book, first published in 1991, presents essays that explore the political and economic reform policies that emerged in post-Mao China under Deng Xiaoping.

Reform and Reaction in Post-Mao China | Taylor & Francis Group

Readjustment and reaction, 1961–65. The years 1961–65 did not resemble the three previous ones, despite the persistence of radical labels and slogans. The Chinese themselves were loath to acknowledge the end of the Great Leap period, declaring the validity of the general line of socialist construction and its international revolutionary corollary for one and all.

The debate over the definition and application of democracy to China has been one of the major ideological battlegrounds in Chinese politics since the 19th century. Modern Chinese leaders state that they run a "socialist democracy" in which the Communist Party of China is the central authority that acts in the interest of the people and approves which political parties can run.
