Detecting Women A Readers Guide

The number of women writing mysteries continues to grow, as this volume attests. Following up on the success of *Detecting Women* (1995) and *Detecting Women 2* [RBB JI 96] (which Bleiler calls "a monumental achievement)," the guide now covers approximately 4,000 titles in 815 mystery series written by 690 women who were alive in 1998. Alphabetically arranged author entries are provided in the "Master List," each including a brief overview and a list of series characters and titles.

As author Belinda Jack shows us in her book, *The Woman Reader*, the evolution of women as readers has been a long and uneven one. There is little known about the earliest women readers and most of what is known is due to women's own records of what they were reading. Not surprising, most early women readers were from wealthy families.
