Eating Culture An Anthropological Guide

"A feast of ideas, insights, surprising connections, and delights: Eating Culture provides an engrossing journey through humanity's past and present engagements with food. It is a wonderful introduction to the anthropology of food and, indeed, to anthropology in general." (John Barker, University of British Columbia)

Eating Culture: An Anthropological Guide to Food, Second ...

Humans have an appetite for food, and anthropology—as the study of human beings, their culture, and society—has an interest in the role of food. From ingredients and recipes to meals and menus across time and space, Eating Culture is a highly engaging overview that illustrates the important role that anthropology and anthropologists have played in understanding food.

Eating Culture: An Anthropological Guide to Food: Crowther ...

"In anthropology, we study food in order to better understand societies and cultures. Eating Culture provides an expansive, thorough, and very readable explanation of how we do that and of what we have so far understood."

Eating Culture: An Anthropological Guide to Food, Second ...

New feature boxes offer case studies and exercises to help highlight anthropological methods and approaches, and each chapter includes a further reading section. By considering the concept of cuisine and public discourse, Eating Culture brings order and insight to our changing relationship with food.
