There are many different ear, nose, and throat (ENT) disorders and an even greater variety of characteristic symptoms. The following list involves the four most common ENT disorders. Not everyone will experience the same set of symptoms or have them as intensely.

The Most Common Ear, Nose and Throat Problems

Some people with RA have a second autoimmune disease called Sjogren's syndrome, which dries out both your eyes and mouth. Lupus Having lupus makes you more likely to get many eye problems, but the ...

Do Immune Disorders Cause Dry Eyes?

In Sjogren's syndrome, the mucous membranes and moisture-secreting glands of your eyes and mouth are usually affected first — resulting in decreased tears and saliva. Although you can develop Sjogren's syndrome at any age, most people are older than 40 at the time of diagnosis. The condition is much more common in women.

Sjogren's syndrome - Symptoms and causes - Mayo Clinic

These structures between eye and nose consist of connective tissue fibers in helical structural arrangements. Research has found that the lining of the nasolacrimal duct has a layered structure, similar to the tear film. 1 Laboratory study into the expression of mucins in the lacrimal sac and nasolacrimal ducts has revealed that the efferent tear ducts produce a range of mucin types, and ...
