The Tragedy of Great

Online Library The Tragedy Of Great Power Politics

Power Politics is a book by the American scholar John Mearsheimer on the subject of international relations theory published by W.W. Norton & Company in 2001. Mearsheimer explains and argues for his theory of "offensive realism" by stating its key assumptions, evolution from early realist theory, and its predictive capability. He readily

The Tragedy of Great

Online Library The Tragedy Of Great Power Politics

This text discusses the theory of "offensive realism", arguing that states are inherently driven to gain power. The text challenges the assumption that the end of the cold war left the world a safer place; rather, in a world in which no international authority reigns, hegemony is the only true assurance of security.
