Volvo penta AD41 Manuals | ManualsLib

I have a diesel Volvo Penta motor with a Dou prop DP-E 1.78 out drive. The whole package is rebuilt with an hour and a half on it. I don't know who rebuilt it. It was done somewhere down in Southern California a few years back. When I got it I took it in for a full service and then ran it a few times and had the mechanic pull it out.

List of Volvo Penta Engines year of manufacture / Production

The Volvo B21 is a slant straight-four engine first used in the Volvo 200 series, meant to replace the B20.The B21 and all derived engines are often referred to as red block engines for the red paint applied to the block. The primary differences when compared to the B20 was the switch to a SOHC in place of the older pushrod configuration, and an aluminum crossflow cylinder head versus the iron ...
